Online access and support is through www.metapress.com

Eurasian Geography and Economics edited by Anders Aslund, Kam Wing Chan, Clifford G. Gaddy, John V. O'Loughlin, Alexander B. Murphy, and Clifton W. Pannell. Journal featuring original papers by leading specialists and scholars on salient geographic and economic issues in China, Russia, India, European Union, and other regions within the Eurasian realm. Included in all issues are symposia on topics of worldwide significance, review papers, and empirical research focused on analysis of recent economic and geographic developments (published since 1960).

Bimonthly (6 issues) ISSN: 1538-7216 Volume 53 Online Only: \$699 (Worldwide) • Print+Online: \$776 (Worldwide)

GIScience & Remote Sensing edited by John R. Jensen. **[Increases from 4 to 6 issues in 2012 - a 50% increase in research material]**

Research journal devoted to original, peer-reviewed articles associated with cartography, geographic information systems (GIS), remote sensing of the environment (including digital image processing), geocomputation, spatial data mining, spatial statistics, and geographic environmental modeling. Papers reflecting both basic and applied research are published (published since 1964).

Bimonthly (6 issues) ISSN: 1548-1603 Volume 49 Online Only: \$684 (Worldwide) • Print+Online: \$759 (Worldwide)

Urban Geography, edited by John Adams and Susan Hanson.

Original papers on problem-oriented current research by geographers and other social scientists on urban policy; race, poverty, and ethnicity in the city; international differences in urban form and function; historical preservation; the urban housing market; and provision of services and urban economic activity. Included in most issues are review papers and special features (published since 1980).

Semiquarterly (8 issues) ISSN: 0272-3638 Volume 33 Online Only: \$700 (Worldwide) • Print+Online: \$777 (Worldwide)

Physical Geography, edited by Carol P. Harden.

Journal dedicated to the dissemination of significant research in the environmental sciences. It publishes original papers devoted to new research directions in geomorphology, climatology, biogeography (plant and animal geography), soil-science, and research methods in physical geography (published since 1980).

Bimonthly (6 issues) ISSN 0272-3646 Volume 33 Online Only: \$521 (Worldwide) • Print+Online: \$578 (Worldwide)

Post-Soviet Affairs, edited by George W. Breslauer.

Publication featuring the work of prominent Western scholars on the republics of the former Soviet Union, providing exclusive, up-to-the minute analyses of the state of the economy and society, progress toward economic and political reform, and linkages between political and social changes and economic developments (published since 1985).

Quarterly (4 issues) ISSN: 1060-586X Volume 28 Online Only: \$408 (Worldwide) • Print+Online: \$453 (Worldwide)
